**Classroom Ideas**

- Designate a time during the week to talk about the missions. Point out the correlation between our calling to mission and how we live out our Catholic faith everyday.
- Highlight the different cultures and traditions that make up our Catholic family. This emphasizes that we are one family in mission and one family in faith with more things that make us alike rather than divides us.
- Read the story of a saint and talk about how their example helps us find our own way of answering our call to mission.
- Learn a song that talks about mission—the mission of Jesus or of the Church today.
- Make a collage representing the body of Christ around the world.
- Giving Thursday—set up a jar and decorate it with the MCA logo. Ask students to bring in their donations for MCA on Thursday of every week.
